Subject: RE: fbc agenda and Sen. Tester staff request for more info on the CFAC

All -- Reminder that we have suggested a conf. call with Dylan Laslovich of Sen. Tester's DC staff early next week on the Columbia Falls Smelter site. I haven't heard back from Dylan regarding the timing, but I'd assume Virginia would be welcome on that call as well, if that would be helpful. Will keep you posted on what I hear back from Dylan.

Thanks,
Sandy

Thanks, Julie.

All -- Do we have a consensus message? Should the recently-developed Q&A serve as our talking points? Please let me know your thoughts.

Thanks,
Howard
